

## Call for Papers

### Oligo Workshop 2017: “Optimal Firm Behavior and Game-Theoretic Modeling of Competition”

*Moscow, June 1–2, 2017 – New Economic School*

Researchers and PhD students are invited to submit papers for presentation at the workshop. Submissions from all areas of microeconomic theory are welcome, including (but not limited to):

- Price and quantity competition
- Differentiated products and imperfect competition
- Platform competition and two-sided markets
- Dynamic models and timing issues
- Collusion, cartels and mergers, entry
- Externalities and environmental issues
- Auctions, procurement
- R&D, contests and tournaments, advertising
- Aggregative games, potential games, zero-sum games
- Networks
- Principal-agent models, strategic delegation
- Law and economics: corruption, intellectual property
- Information in imperfectly competitive markets
- Behavioral theory of consumer choice and competition
- Experimental analysis of markets and strategic interaction
- Numerical and computational approaches

The keynote speaker is Professor **Jacques-François Thisse** (Université Catholique de Louvain).

Papers should be submitted via conference website by February 22<sup>nd</sup>, 2017. Authors of accepted papers will be notified by March 31<sup>st</sup>, 2017.

The Oligo Workshop will be held at the New Economic School, Moscow, starting in the morning on Thursday, June 1<sup>st</sup>, 2017 and finishing in the late afternoon on Friday, June 2<sup>nd</sup>, 2017.

The regular conference fee is €150 (€75 for PhD students) covering snacks and drinks at the venue and the conference dinner.

For more information see workshop website: <http://conference.nes.ru/oligo2017>.
